

# VOCATIONAL EDUCATION AND TRAINING FOR A TECHNOLOGICAL AND VIRTUAL FUTURE

Jobs4tech is a European project that is intended to prepare Vocational Education and Training students in Spain, Germany, Estonia and Lithuania as professionals in virtual and augmented reality, thus expanding their opportunities to be employed or to start a business in the sector.

# WHAT DO WE OFFER ?

An integrated itinerary with technical and transversal competences in the augmented and virtual reality sector.

A competences evaluation tool in the technological sector.

Pilot experience in each of the participating countries.

Training of VET trainers in the integrated itinerary.
